Subject: Task list and Requested by Nick to be onsite.

Equipment Type:	Serial Number:	Customer Line # (if applicable):
Trave 590		All

Equipment condition:

Good

Tuesday 10/12/2024:

Nick requested me onsite due to production that want to crust the meat a bit more, making the necessary adjustment on the Mondini.

Arrived onsite and monitored production. Had a discussion with Nicole and Kawsar. The requested me to attend to line 4.

Line 4: I inspected and made changes to the compensation (Compensating very fast). Production still had a few reworks but each unsealed tray was packing related issues.

Line 2: I made the same changes to line 2 Med recipe. I also speedup The med recipe to 6 Cycles per minute.

I filled a speed matrix and send to Mondini on a national speed improvement plan.
