Equipment Type:	Serial Number:	Customer Line # (if applicable):
Platformer	11614	Line 4
Trave 590	11614	Line 4

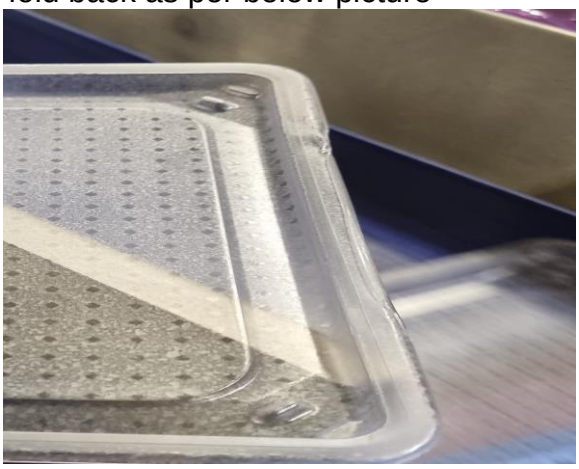
Equipment condition:

All need a service

Work Performed:

Called out because Trave was not forming well and Platformer was not forming 8x6 trays well.

- found the long edge of the trays are folding up before pick and place could form the edges causing the edge to fold back as per below picture



- the Platformer needs a mayor service if you look at the upper heater plate you can see the contamination which will affect temperature.

- I'm not sure the film been used is the correct film we set-up the recipe because the previous film had a glassy effect on both side where this film not and not flat
