GENERAL SERVICE REPORT

Customer:	Coles ROAA	**Date:**	16th August
Site Address:	54 Templar Rd, Erskine Park NSW 2759	**Site Contact:**	Alan Villa
		Phone:	0410 556 153
Customer PO #:		**Internal Job #:**	4095

Subject: Install 9x8 machined sealbars

Equipment Type:	Serial Number:	Customer Line # (if applicable):
Trave 590	A17A-11614	Line 4
Platformer	A17A-11614	Line 4

Equipment condition:

Work Performed:

Wednesday 16th

- *Installed the 9x8 machined sealbars in the machine to set up and run*
- *We had problems with setting up the height difference due to the sealbars been machine 4mm off, this affected the sealing position, vacuum position and approach position.*
- *All above had to be set up to start the forming*
- *The pick-up on shuttle plate was also affected and needed to be adjusted, because the sealbars were machine 4mm off they had to machine the stoppers 3mm to allow the pick-up point on shuttle plates.*
- *We manage to get the forming of the sealbars and pick up working.*
- *They had problems with forming around the product, this is caused by product too big for the trays not allowing a 20mm clearance around the edges.*
- *The film alignment was also off position and once this was rectified they started running well.*
- *A complete new recipe was set-up for this tool and once they change head to the spare 9x8 they will need to run the original recipe and not the new recipe.*
