Customer PO #:		**Internal Job #:**	SR
Subject: Map machine infeed is functioning irrattic			

Equipment Type:	Serial Number:	Customer Line # (if applicable):
E3406	3406	Line 1

Equipment condition:

Good

Work Performed:

Reece requested me to come to site and inspect the machine as they experienced issues with the machine.

Arrived onsite and investigate. The machine cycled after only one tray is introduced instead of two. Diagnosed the machine and correct the timing on the chain line. The machine was working fine afterwards.

As we noted on the Uptime service, the chain has a frozen link in it. It might be the cause of this chain jumping one tooth on the sprocket.
