Platformer	A17A-11614	Line 4

Equipment condition:

Mondini machine and tools need service

Work Performed:

Thursday 23rd

Called in due to issue with small DOT shuttle dropping film.

- The line production had to schedule a stoppage for me to look at the film issue on shuttle.
- The shuttle was taken to workshop so we could remove the fixed clamp
- Removed all cover and replace O'cord on the grippers
- Found the nylon guides were loose and had to be adjusted to lift clamp.
- The fixed was pulled apart and remounted.
- Installed the shuttle and tested with production which ran well with no issue.
