GENERAL SERVICE REPORT

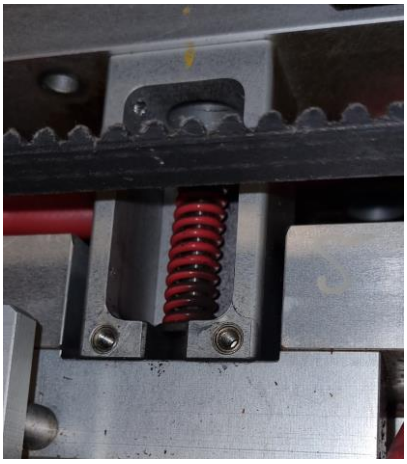
- *Replaced white T/seal on one side.*
- *Found the RH side base section of tool has been some damage*

- *Replaced O-rings in one section of the lower tool, parts from my stock but not enough to complete all O-ring, none in stock and need to order.*

The upper tool was not inspected as we ran out of time but did adjusted the red springs which need replacing.



Tool was installed and test ran with production, had to make some changes to get the machine to run okay, still need improvement by rebuilding the tooling
