GENERAL SERVICE REPORT

Customer:	Coles ROAA	**Date:**	26th June
Site Address:	54 Templar Rd, Erskine Park NSW 2759	**Site Contact:**	Suvir Salins
		Phone:	0410556153
Customer PO #:		**Internal Job #:**	3927

Subject: Mono film trials

Equipment Type:	Serial Number:	Customer Line # (if applicable):
Trave 590	A17A-11614	Line 4
Platformer	A17A-11614	Line 4

Equipment condition:

Work Performed:

Monday 26th

Platformer

- *Set-up trials for Platformer and Trave 590 to run Mono film*
- *Recipe had to be set-up to run the medium trays for Mono*
- *A few setting we change to produce some trays which came out okay*
- *The tray looked okay for the condition of pre-heater plates*
- *The recipe was saved as medium Mono.*
- *The trays looked good for production and can be improved with new pre-heater plates*

Trave 590

- *Recipe had to be set-up to run medium DOT Mono film*
- *Once the recipe was done we can some trays through*
- *We had problems with 1st and 5th seal bar on the operator side with film slipping*
- *The condition the sealbar are not the best and need to be Teflon coated and flat for a good run.*
- *The end result of the product looked good after sealing.*
- *With the Mono film we need a longer run and better condition sealbars.*

I believe the end result of Platformer and Trave 590 was good and can be improved with time on the line while running production.
