		Phone:	
Customer PO #:		**Internal Job #:**	SR3787
Subject: Fine tune recipes and act on production requests.			

Equipment Type:	Serial Number:	Customer Line # (if applicable):
Trave 350 VG	A/17/A-11559	Line 1
Trave 350 VG	A/17/A-11558	Line 2

Equipment condition:

Excellent

Work Performed:

I was requested by Sean to be onsite as the production wanted me to make a few changes to the recipes. Changes were as follow:

1. Production reported that the tray shakes too much when the pusher arms close causing a plastic pack inside the tray to move over the edge resulting in a bad seal. I slow down the pusher arm closing action and corrected all recipes due to it being a mechanical change.
2. Also did the same with the dinner tool and tested.
