| **Customer:** | Coles ROAA | **Date:** | 03/08/2022 |
| **Site Address:** | 54 Templar Rd, Erskine Park NSW 2759 | **Site Contact:** | Trent Cleminson |
| | | **Phone:** | 0438 287 226 |
| **Customer PO #:** | | **Internal Job #:** | 2732 |

**Subject:** New film trial

| Equipment Type: | Serial Number: | Customer Line # (if applicable): |
|---|---|---|
| Trave 590 | A17A-11614 | Line 4 |
| Platformer | A17A-11614 | Line 4 |

**Equipment condition:**

Mondini machine and tools need service

**Work Performed:**

Trave 590

Called in to fine tune the recipe for difficult product (Porterhouse D35).

- The prepping of packing the steaks lapping over each other is very difficult to vacuum due to the air pockets between and under the meat making it almost impossible to run successfully.
- Once they changed from lapping to doubling up the packs (two steaks on top of each other) we got a better run.
- The recipe had to be cleaned up by slowing down the compensation to soften the film around the product preventing the film from popping.
- This recipe was saved under Porterhouse D35.
- We also noticed the atmosphere compensation valve was sticky and operating very slow, this had to be lubricated to get working correctly.

Platformer

Trials with new recyclable film 590Um

- We set-up a new recipe for this film which ran okay but not perfect which might be due to tooling condition or film.
- Recipe has been saved under film name.

Note: the pusher arms are showing same wear and need replacing, found aluminium filings around the bushes and score markings on polish shaft.
